EXPERIENCE & PROJECTS

X-Scape | Project   **September 2023**

UI/UX | Front End Developer   Figma | HTML | CSS | Javascript | Git
- Drove the end-to-end design and development of X-Scape, showcasing proficiency in user-centric design, prototyping, and iterative development, with a focus on front-end work. Applied expertise in UI/UX principles, collaborated within cross-functional teams, and made strategic decisions to create a webiste aimed to help new college graduates make environmentally friendly decisions when buying cars.

Spark   **June 2023 - August 2023**

UI/UX Design Intern   Figma | Jira | Illustrator
- Researched, designed, and prototyped a user-friendly website within a tight 5-week deadline using Figma, ensuring a seamless user experience for future job applicants to easily apply for positions.
- Demonstrated strong teamwork and communication skills by working closely with Software Engineers and Project Managers on a daily basis to define project scope, address issues, and deliver a fully functional product.
- Performed a strategic design of user research, including user interviews and testing for a user-focused design approach.

Band!t (Clothing Brand)   **August 2022 - September 2023**

Co-Founder & Brand Manager/Designer   Photoshop | Illustrator | Excel
- Created and launched a successful clothing brand, Band!t, from concept to market, including developing unique designs and branding materials.
- Managed sales and marketing efforts, utilizing social media platforms to reach a wider audience and drive brand growth.
- Sourced and sampled materials to ensure quality and consistency in production.

Richland School District   **April 2021 - June 2021**

IT Internship
- Completed a comprehensive IT internship program with Richland School District, gaining hands-on experience with various technologies and systems.
- Assisted with technical support for faculty and staff, troubleshooting hardware and software issues and providing solutions, while also maintaining and upgrading computer systems and servers.

Self-Employed Reseller   **January 2020 - Present**
- Created and managed a successful reselling side hustle, generating over six figures in profit by sourcing products from various sources and reselling them at a markup.
- Conducted market research and analyzed consumer trends to identify high-demand products and make informed purchasing decisions.
- Utilized various e-commerce platforms, such as eBay, StockX, Facebook Marketplace, Goat, and OfferUp to list and sell products. Managed all aspects of the business, including sourcing, listing, shipping, and customer service.

Casetronics   **July 2019 - November 2021**

Inventory Manager & E-commerce Specialist   Excel
- Managed the company's inventory, ensuring proper stock and maximizing profitability in response to market demands.
- Created product listings online, utilizing e-commerce platforms to reach a wider audience and drive sales.
- Processed customer orders and managed shipping and delivery logistics to ensure timely and accurate fulfillment.
